KITCHENS CONTRACTS

Every  
*detail* taken  
care of.

By *people*  
who you can  
count on.

## Bringing style and *impact* to your homes.

---

Family-owned for over 70 years, Nolte is now Europe's second largest kitchen producer with a 1.2m sq ft production facility in Lohne, Germany. Praised for their quality, style and attention to detail – a recent survey named us Germany's favourite kitchen brand – our kitchens are built to last using the finest materials and the best components coupled with typical German efficiency. Little wonder they all carry a comprehensive 5-year warranty.

Feel  
Platinum Grey

## With minimal *impact* on the planet.

---

We have all the accreditations that go with such a reputation too. As a proud climate-neutral business, we're also members of the Supply Chain Sustainability School and Pathway to Carbon Zero – virtually all our wood comes from sustainable sources, our particle boards have on average 50% recycled material and our company lighting comes from sustainable LEDs. We even offset our CO<sup>2</sup> emissions by supporting a forestry project in Uruguay.

**Germany's favourite kitchens**  
Nolte is Europe's 2nd largest kitchen producer – over 1500 a day, shipped to over 60 countries – and has been manufacturing kitchens for over 70 years

---

**Accredited quality**  
ISO9001, CHAS, FORS Silver, Construction Line Gold, Green Dragon, Supply Chain Sustainability School, Pathway to Carbon Zero

---

**Sustainability sussed**  
Over 99% of our timber is from FSC and PEFC certified sources, and we offset CO<sup>2</sup> emissions by supporting a new forest in Uruguay, where cattle used to graze

Kitchens that stand the test of *time*.

Delivered on *time*, every time.

What makes Nolte unlike any other contract kitchen? The knowledge of our people, and a service that can stretch or shrink according to your budget.

We have 30 years' experience in contract kitchens, delivering some of the largest schemes in the UK. Our senior management team is involved in all our contracts, and our dedicated on-site teams take care of everything from initial design to ordering and delivery to installation and aftercare, with the ability to make key decisions quickly. You can rely on our admin team to make sure your project runs smoothly, with customer menus, logistics plans and schedules – and once we agree a date, we meet it.

Nolte is the UK's only manufacturer-owned contracts business, with everything managed in-house (even warehousing and logistics) – giving us ultimate control and flexibility to manage changing schedules, hold stock on your behalf and meet high volume demands. To help make your life even easier, our 15 showrooms let you see our products for yourself wherever you are in the country – plus we can offer show home support and remedial hospital packs for larger projects.

Portland  
Cement Anthracite

#### Smooth service

Our dedicated teams take care of everything, from all admin and specialist delivery to the plot to post-fitting customer care, so your project runs without a hitch

#### You're in control

We provide costings and a detailed specification, protection and staged handover sign-off process putting you in control

#### First for flexibility

We're the UK's only manufacturer-owned contracts service – we manage everything in-house for complete control, so can easily accommodate schedule changes

#### In stock in good time

With our own large in-house warehousing facility, we ensure all kitchens are in stock ready for call in good time

A wide **choice** of styles.

---

And even more reasons to **choose** Nolte.

We've been making outstanding kitchens for over 70 years. So we know what your customers are looking for – and every year, our expert designers find new ways to add value and incorporate new innovations echoing the latest trends. Our three product ranges – Express, Nolte and nolteneo – cover every style from modern handleless to classic, traditional, and every budget from boutique properties to large-scale developments.

There's a huge range of finishes too, from 20 shades of matte lacquer to wood, concrete and stone – in fact, you could offer literally thousands of options with a Nolte kitchen. We can supply most market-leading appliances and fittings, as well as complementary furniture including utility rooms, wardrobes and more. And with showrooms across the UK, your buyers can get a feel for their Nolte kitchen before they move in. No need to worry about after-sales either; we'll take care of that too. That's why, for contract kitchens, there's really only one choice. Nolte.

#### What buyers want

Three main ranges covering modern handleless to traditional styles with new, on-trend innovations added every September

---

#### Finishes and fittings

Finishes include matte lacquer, wood, concrete and stone, and we offer most market-leading appliances and fittings

---

#### Showrooms across the UK

With 15 (and growing) showrooms, your buyers can get a feel for their Nolte kitchen before they move in
